

Shawn Dyksta, CGA, Vice President Finance

Having graduated with a Bachelor of Business Degree in 2003, Shawn obtained his Certified General Accountant designation in 2004 after working as a Senior Accountant to a private accounting firm. Shawn joined the Cameron team in September 2006 in the position of Controller, and has helped orchestrate various management/accounting department conversions and upgrades in that time. During his tenure as VP Finance, Shawn has been instrumental in securing over \$500 million of takeout and construction financing due to his capacity to build strong relationships with our financial partners. His ability to analyze and understand all financial aspects of Cameron's projects has allowed the corporate balance sheet to grow substantially and allocate funds for future growth. Shawn's philanthropic experiences include work with the Edmonton Food Bank, the Edmonton Art Gallery, and treasurer for the Immanuel Christian Reformed Church.
